Red Cross Bloodmobile at High School November 16th

There will be a Red Cross Blood Bank at Grayling High School next Wednesday, November 16th, from 9 in the morning until 3 in the afternoon, in the gymnasium.

Although the Bank is primarily for the Students, and all of the Red Cross Volunteer functions will be performed by the Students, the Bank is open to all members of the community and we urge every potential donor to come.

Blood is always needed but the last two weeks of November are especially critical because of the Deer Hunting Season and the Thanksgiving Holiday.

In the heavy industrial areas of the state, it is impractical to schedule Factory Blood Banks during this period and the supply of blood becomes very short.

Whole Blood is usable for only 21 days. After 21 days it is processed into Serum Albumin, Gamma Globulin, Fibrinogen, Fresh Frozen Plasma and other life saving elements.

Obviously if the normal Blood Bank activity is cut in half, like it happens in our state in the last two weeks of November, there is great need to get the maximum drawing from the remainder.

So, if you can be a donor, mark your calendar and come to the High School next Wednesday and give the greatest gift of all — a pint of your life saving blood!

Heavy Traffic This Weekend

Deer Season Opens Tuesday

When Michigan's 700,000 strong "redcoat army" heads north for the firearm deer season, hunters should encounter few traffic problems because the Nov. 15 opener comes at mid week, according to Automobile Club of Michigan.

"Since this season opens on a Tuesday, the bulk of hunter traffic should be spread over the weekend prior to opening day," stated Joseph Ratke, Auto Club touring manager.

Traffic bound for the northern two-thirds of Michigan Nov. 11-12 (Friday and Saturday) should approach that of a summer weekend, but northbound flow Nov. 13-14 (Sunday and Monday) should be much heavier than usual.

Northbound traffic should be heaviest at the following times: Friday, Nov. 11 between 4 and 9 p.m.; Saturday, Nov. 12 between 8 a.m. and 1 p.m.; Sunday, Nov. 13 between 1 and 10 p.m. and Monday, Nov. 14 between 10 a.m. and 8 p.m.

Hunters may be slowed during peak travel times at two points, Auto Club advised.

Northbound US-131 is closed between Votaw and Pearl streets in Grand Rapids. Traffic is detoured via M-11 (28th Street) and I-196, adding 6.2 miles to the normal route.

Northbound I-75 just south of the Zilwaukee Bridge near Saginaw is reduced from three lanes to two. Motorists can avoid possible congestion by taking northbound I-675, rejoining I-75 a mile north of the bridge.

No other construction projects on roads leading north should seriously affect deer hunter traffic.

Mackinac Bridge officials expect approximately 25,000 hunter-vehicle crossings both ways before the firearm deer season ends Nov. 30, up nearly five percent over last season.

Between 100,000 and 105,000 deer should be taken this season. The majority of hunters are expected to take to the woods in the north central Lower Peninsula.

Hunters are reminded that they must wear either a hat, vest or coat of blaze orange to hunt on public lands.

Auto Club will provide traffic bulletins via radio for traveling deer hunters between 3:15 and 11 p.m. Friday, Nov. 11, and between 8:15 and 11 p.m. Saturday, Nov. 12 through Monday, Nov. 14.

County Cancer Society Meets

The year end meeting of the American Cancer Society was held Oct. 31st.

We are happy to announce that the Crusade came within \$30.00 of reaching our goal of \$6,300.

Money making projects for our next Crusade were discussed. We will be collecting Glen's Market tapes. Boxes will be put in various places around town so watch for them and turn in your tapes.

Veteran's Day Friday, Nov. 11

Friday, November 11, communities throughout Michigan will observe Veterans Day.

In an Executive Declaration setting aside November 11 as Veterans Day in Michigan, Governor William G. Milliken said, "Veterans Day, 1977, is a day for all Americans to salute and pay tribute to those who have served their country in uniform and dedicate their thoughts to those who sacrificed their lives so that others may live in a world without crisis or hostility."

Earlier in September, Douglas H. McGarrity of Allen Park, National Commander of the Military Order of the Purple Heart, was appointed by Governor Milliken to be Chairman of the 1977 Michigan Veterans Day Committee.

McGarrity in his official capacity as committee chairman has designated Lansing's Veterans Day parade scheduled for 8:00 p.m., Friday, November 11, as the official Michigan Veterans Day parade.

McGarrity has been named grand marshal of the Lansing parade.

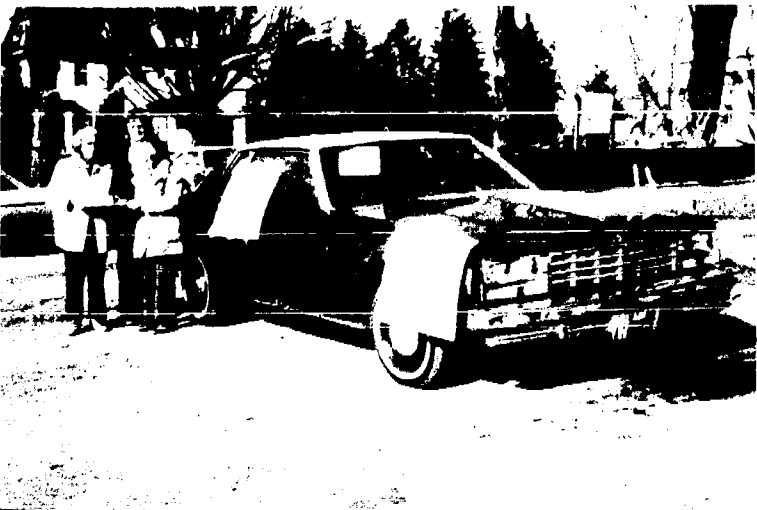

Warning

Inactive Duty Training will be conducted by units of Michigan Army Air National Guard during the period 9 thru 12 November 1977.

The Air to Ground Range which is located east of Guthrie Lake and north of County Road 812, will be in use during this period.

This range will be closed during the above dates and all persons are warned to stay out of these areas.

"Rainbow": New Service in County

by Joe Schrader

Ever stop to think what you'd do or who you'd turn to if a son or daughter ran away from home? Or is that one of those problems that only happens to someone else, too? Well, according to statistics compiled throughout the State, the odds that you will be confronted with a runaway child dilemma are increasing at an alarming pace.

Now there's a place you can go for help in Crawford County. Called "RAINBOW", a newly-established service since September is now operating under the direction of Runaway Counselor, Mrs. Lauren Shively.

"Believe it or not," said Mrs. Shively in a recent interview, "we expect to get involved with as many as 50 runaway cases here in Crawford County during our current fiscal year which ends next June 30th."

The new program is funded by a grant awarded by the Michigan Office of Criminal Justice Programs under the Crime Control Act of 1976, and functions under the overall wingspread of the Northeast Michigan Community Services Agency, Inc. (NEMCSA).

Runaway Counselors like Mrs. Shively will provide intake and screening, counseling services to both those in need of shelter care and those for whom no shelter care is required, arrangement for counseling of parents and arrangement for transportation. "We really need licensed shelter care homes desperately here in our county," emphasized Mrs. Shively, "right now we have none and it's conceivable that a runaway would have to be transported to another county for shelter care."

Mrs. Shively appeals to local residents to consider providing this type of temporary foster care and pointed out that only

the basic services need be provided for licensing. Interested residents are asked to call either Mrs. Shively (348-5125) or Child & Family Services of Michigan, Inc., 309 Lockwood St., Alpena Michigan 49707.

The primary goals of RAINBOW are: 1) to eliminate the placing of juveniles for status offenses; 2) to reduce recidivism rates among runaways; and 3) to permanently establish a pre-judicative alternative to institutional placement of runaway youth. Participation in Runaway Service is voluntary, which means that no one can force a youth to take part in the program.

Adopting the old adage that "an ounce of prevention is worth a pound of cure," Mrs. Shively points out that preventive action is also an inherent RAINBOW responsibility. That is why we work closely with school counselors, concerned parents and youth and all other

End Season 1-8 Overall

Vikes Lose to Ramblers, 27-13

by Joe Schrader

The Vikes concluded Grayling's football season Friday night in Boyne City and dropped a 27-13 verdict to the Ramblers. That left Grayling winless in the conference and 1-8 for the year. The JV squad entertained Boyne Thursday afternoon and captured a 19-6 victory. They finished up 2-7 for the year.

They jumped off to an early lead on us," said Head Coach Klinger afterward, "in our Parents' Night at Boyne City, and they were really upset at the contest. Again we played well in the 2nd half, and I have to say that our kids never gave up, not all season long in fact, and I had a chance to get a lot of players into the game. Reflecting about the past season and looking ahead to next year, Klinger added, "It was a tough

year, period-wise, I know, but we had no quitters on the squad all the kids worked out hard during practice sessions and went into each contest on a confident note. We got a fine group of sophomores looking forward to next year and along with our returning Junior lettermen we hope we can turn things around."

Boyne City took the opening kickoff Friday and marched toward the Vike goal line in methodical fashion, using up almost eight minutes before Ray Greene scampered four yards to open the Rambler scoring. A 2-point conversion attempt failed and it was 6-0.

A fumble by Grayling after the ensuing kickoff was recovered by the Ramblers on their own 46 yard line. Employing a variety of offensively setups, Boyne City moved to a yard line with Tom Jodaway carrying in from 17 yards out. A 2-pointer was good and Boyne was out in front, 14-0.

The Ramblers added a third first-half TD in the 2nd quarter after covering a Vike fumble deep in Grayling territory. QB, Jodaway carried it in again on a keeper play from the 18-yard line and the Ramblers upped their margin to 20-0. That was the score at half time.

Grayling got on the scoreboard in the 3rd stanza when, after an exchange of punts, Vike

All proceeds go to our scholarship fund to aid two local young women in furthering education. You could be a recipient in the future.

There will be something of interest for every man, woman and child. The Grayling High School Stage Band will entertain before the fashions are shown. Fashions, modeled by local stores, will be modeled by pre-schoolers through grandmothers and grandfathers. (I know this to be a fact, because my favorite grandpa is a model). Wayne Hindmarsh is again our M.C. and in his inimitable way, adds greatly to the show. At intervals throughout the show, door prizes donated by very generous Grayling merchants, are given.

Coffee, tea and home baked goodies are at your fingertips all during the show, or if you prefer, you may order your favorite libation from the bar. Who can afford to miss this fun-filled evening? See you at Auman's at 7:30 tonight ... Thursday.

GRAYLING, MICHIGAN — THURSDAY, NOVEMBER 10, 1977

From Our Corner....

Hi! We hope we didn't inconvenience you too much by changing our corner this week. We dislike losing any readers, but our change was brought on by an advertiser who wished to have page three this week, and no way are we going to turn down our bread and butter. We will return to our normal place next week — that is, if we don't have a similar request.

We are having many mixed emotions tonight as we try to write this column — possibly the most trying time we have experienced since we started our corner.

This past week we spent Thursday and Friday in Lansing attending a meeting, plus a day of R and R, only to return and have Saturday come up with news of sadness and happiness. And right now we are groping for words to express our sadness.

We lost a very dear friend Saturday — and we gained another granddaughter Saturday.

Gene Kaiser, 1921-1977, passed away Saturday evening and with his passing, left a void in our life that will never be replaceable.

To us, Gene was the ultimate — never an unkind word about anyone — only praise — or possibly a statement, they are young — they will learn.

We will always remember...

Our heated arguments over politics... which both of us knew were for conversation, except if Doc was there... which was more fun...

His trying to play the mouth organ... and trying to sing at the same time...

His favorite song — "Have you Ever Been to Trinidad"...

How he would call and say drop up to the house this afternoon, we're having a little get-together...

How we attended two wedding receptions on a Saturday night, and still found our way to one of his bontires by the river...

Yes, we have lost a true friend... his family has lost much more, but we are sure there will be untold memories to sustain them through the days ahead.

To the Mayor of Frederic... 30... we will always remember.

Our happiness call came at 2 a.m. Sunday, 11 p.m. California time, with the word we had become granddad, the III.

Amber Eir joined our clan November 5th... reports out of the golden state are that both Cyd and Dane are doing fine and for our readers who are interested, we will try to keep you informed on the progress of Amber, as well as T.J. and Stef.

All we can add is, holy crumps... once you become a granddad once, one has to be prepared for the bunches that follow.

To help fill our corner this week we will rely on a few quotes from learned men we read recently.

WALTER WINCHELL: "Remember, nobody will ever get ahead of you as long as he is kicking you in the seat of the pants."

ALBERT SCHWEITZER: "Happiness is nothing more than health and a poor memory."

JAMES MICHENER: "You cannot operate a democracy without universities. You can't even build a sewage system without knowledgeable people."

DALE CARNEGIE: "Never press a point too hard because a deep wound is hard to heal and usually leaves a scar."

The Bible Speaks

From Calvary Baptist Church

The Little Book Rev. 10:1-11

In chapter ten we have a picture in studying the Great Tribulation as an angel of God gives John the remaining scriptures which we shall study in the second half of the book of Revelation.

Notice the description of the angel in verses 1 through 5. There is much likeness to the description of Jesus Christ in chapter 1 and elsewhere in our past study. This may be the angel of Jehovah as Jesus Christ often appeared in the Old Testament.

In verse 6 we are reminded that the remaining judgment would follow without any delay. God has been long suffering with this earth for nearly 2000 years since they crucified His Son. Once the judgment starts there will be no delays.

Verse 7 declares the previous mystery which was partly foretold by the Old Testament prophets. But in the days of the end of the seventh trumpet when he shall begin to sound, the mystery of God shall be finished, as he hath declared to his servants the prophets. This mystery is the fulfilment of the preparation of the earth for the future 1000 year reign of Jesus Christ to fulfill the hundreds of prophetic promises in the Old Testament concerning Israel.

The message of future prophetic fulfillment is contained in a little book held out by the angel from Heaven, verse 8. John is instructed to take the book of scripture and eat it up. It shall make thy belly bitter as honey. Thus, pictures well all true Bible study. It is pleasant to learn, and sometimes painful to put into practice. Many people like to read the Bible, but few people want the Bible to read them. We want to judge the book, but we don't want the book to judge them. Many people like to take about the Bible, but few people want the Bible to take through their lives.

5 Crawford County Avalanche

Thursday, November 10, 1977

"ALL OF A SUDDEN, THERE IT WAS!" — A motorist explains to a sheriff's deputy how her car collided with a deer. There was one of 14,349 traffic accidents involving deer in Michigan last year, resulting in death for two persons and 12,294 deer. State wildlife experts say October, November and December are the most dangerous months for car-deer accidents. (Photo by Dept. of State Highways and Transportation.)

Crawford County Loves Its' Dial-A-Ride System

LANSING — Like birthdays and anniversaries, the transportation of the 10-thousandth, or whatever, passenger often is celebrated by Dial-A-Ride systems in Michigan by hand-shaking, picture-taking and gift-giving.

Anticipating the 40,000th passenger recently, Chet Johnson, manager of Crawford County Public Transit, decided to do better than the usual presentation of a \$25 U.S. Savings Bond.

He set out by asking a Grayling restaurant to donate a dinner or two. It came through with a \$10 gift certificate. It was so easy, Johnson stopped next door and picked up another \$10 certificate from a department store. A cinch. A stop at a local motel produced another gift. Why stop now? A gift shop gave another: a variety store offered \$25 in merchandise; a jewelry store gave something; then the

drug store next door came up with a box of candy. This went on through 15 more Grayling merchants all in a row. It was getting out of hand.

Johnson called a halt; told some of the donors their gifts would be saved for future events; and alerted merchants he had not yet visited that they would have their chance in the future. Obviously, the people of Crawford County want to support their Dial-A-Ride service.

Who was the 40,000th passenger? Eighteen-year-old Husell Tuck, who makes three weekly round trips between his home in Frederic (12 miles out) to Mercy Hospital in Grayling for medical treatment. He and his wheelchair ride the lift-equipped bus, one of four vehicles in the Crawford County system, which has been operating under state subsidy since December 1, 1976.

CMU Freshman to Appear on TV in All-Indian Band

MT. PLEASANT — Joseph Kequom, a freshman at Central Michigan University, is one of 150 students from across the United States chosen to appear on nationwide television in November in an all-Indian band. The band will play during half-time of the Washington Redskins - Dallas Cowboys football game on Sunday, Nov. 27.

Kequom, whose parents are Phyllis and Frank Kequom of Frederic was chosen through auditions held in August and September of this year. He has played cornet for seven years in junior high and high school in Grayling.

The band members will travel to Utah early in November for a week of practice. They will then spend a week in Washington, D.C., in clinics, concerts and pageants culminating in the television appearance on Nov. 27.

The all-Indian band is partly the result of an Indian member of the Washington Redskins band, John Olquin. Olquin suggested to the Redskins management that it would be fitting for a "real Indian band" to appear with the Washington Redskins. The Bureau of Indian Affairs (BIA) was approached with the idea, accepted and implemented it.

The all-Indian band will be under the direction of Dr. Louis Ballard, who heads the BIA music education program, and will play original music composed by him. The band will play in conjunction with the regular Washington Redskins band.

Raise \$800 In Bike-A-Thon

The COOR area Special Olympics Program is \$800 richer today thanks to the 12 bike riders who participated in their Bike-A-Thon. The 25 mile fund raiser, which was held Oct. 22 at Kirtland College, was coordinated by Linda Remsing, of COOR Intermediate School District.

Darryl Fister was the rider earning the most money in pledges. Fister raised over \$300 and will be presented with a new Huffy 10 speed bicycle for his efforts.

The riders were supplied with refreshments by the St. Helen Lions Club. The Richfield Radio Watch helped monitor the ride with cars stationed at various points along the route.

Claude Siders, coordinator of COOR Special Olympics, felt the Bike-A-Thon was a success and wished to thank all those who donated their time. He also stated that the Bike-A-Thon would probably be held as an annual event in the spring.

The money raised will go towards sponsoring athletic events for mentally impaired persons of the COOR area.

Superintendent's Corner

by Fraser Dean

As I start to renew the almost forgotten "Superintendent's Corner" I must begin by expressing the schools' gratitude to the voters of this district for their support in the recent millage election. We know that many issues are not yet resolved, not the least of which is the unfair and unrealistic method by which schools are financed. We know that much of our support came from those who are very distressed by the current method of school funding and are being hurt by it.

The Citizens Acting for Responsible Education Committee (CARE) plan to continue their existence and in the immediate future will be conducting a district-wide survey to find out what your concerns and opinions are in the areas of school finance, curriculum, school facilities, extra curricular programs, discipline, testing, vocational training, preparation for college, etc.

In the meantime I will put the unresolved questions about school finance, millage, etc. on the back burner and devote the Superintendent's Corner to such topics as curriculum; its development, coordination, and refinement; specific curriculum areas; reading, math, language arts; special education, vocational education, community (adult) education, etc. I also invite suggestions from you concerning topics for future corners.

From time to time I may break the silence on school finance, etc. to give you an analysis of pending legislation that may effect the school district.

IN MEMORY

In loving memory of my husband, Fred Catlin, who died three years ago on November 12th.

There's an open gate at the end of the road
Through which each must go alone
And there is a light we cannot see
When our Father claims his own
Beyond this gate my loved one
Finds happiness and rest
And there is comfort in the thought
That a loving God knows best

Increase

How about 50 percent inflation by 1981? It's possible.

Richard Millman

Would you believe an increase in inflation in this country by almost 50 percent during the next three years? It's entirely possible.

That's one way to interpret recent congressional action raising the minimum wage every year over the next three years so that it will climb from the present \$2.30 per hour to \$3.35 an hour by 1981.

That's an increase in the minimum wage of almost 50 percent during that period, and don't be surprised if the rate of inflation keeps pace with the rate of increase in the wage floor.

Specifically, the federal minimum wage is to go from the present \$2.30 up to \$2.65 on Jan. 1, 1978, then to \$2.90 one year later, up to \$3.10 in 1980, and finally to \$3.35 in 1981.

Who can argue that folks who earn \$2.30 an hour have a tough time making ends meet these days? According to debate when the minimum wage bill was being discussed, about 5 million workers will be directly affected.

In my view, the effects of this law will be felt eventually by everyone in the country who works for a living. And that's most of us.

It seems so simple to me that I'm probably missing a point somewhere; but if you raise the wage floor, the effects certainly will be felt at every step along the line as time goes by. The higher wage levels simply can't stop at the 5 million being paid minimum wage; the ripple effect comes into play.

So as the wage level across the country goes higher and higher — in about 50 percent in the next three years, for example — then the rest of the economy will keep pace, or perhaps even outstrip the wage levels. Isn't that the way it seems to work? You may be earning more money these days, but is it really buying you all that much more food and clothing and housing and transportation?

Higher and higher, upward ever upward. How do you check the spiral inflation? Callous as it may sound, it seems to me that raising the minimum wage as Congress has just done has exactly the opposite effect.

Some critics of the minimum wage increase argue that so many as 1.9

million minimum-wage workers would be forced out of the job market because their employers would refuse to raise their wages and choose instead to do without their services.

Frankly, I doubt if this will happen to any significant degree. The more likely effect will be for prices to increase, for the costs of goods and services to rise at least as fast as wage levels, for the inflationary spiral to continue. It's disheartening.

Which tax is best?

While we're in a generally downer mood, try this little quiz: Which tax do you dislike the most?

According to something called the Advisory Commission on Intergovernmental Relations, the most unpopular American tax is the property tax, 33 percent of those answering a recent poll listed local property tax as "least fair."

Not far behind is the federal income tax, registering an unfavorable index of 28 percent. Then came state sales tax 17 percent, state income tax 11 percent, and "don't know" at 11 percent.

The other side of that coin (pardon the pun) is which level of government provides the most for your tax dollar. The same research outfit had an answer for that one, too.

When asked which level of government gives taxpayers the most for their money, 36 percent said the federal government, while 26 percent said local government and only 20 percent picked state government.

Results are revealing, and a bit shocking, for those of us who feel that local government is the best of the lot because it's right there where the average citizen can get his hands on it, and therefore knows what's going on and reacts accordingly.

But this poll indicates local government is in real trouble. Not only does local government collect the least popular tax, but only about one-fourth of the public think it's getting its money's worth. Meanwhile, the big, bureaucratic, tax-grabbing, money-spending, far-away government in Washington has more citizen respect.

It's enough to make an alderman shrug.

LEARN ABOUT INDIA CUSTOMS—Shown is Stephanie Hindmarsh of reading level 9 class in Grayling Elementary School and Mrs. Kasthura Kommarreddy also of Grayling, each wearing a sari belonging to Mrs. Reddy. A native of India, she came to school to show the children how a sari is worn and answered many questions concerning her homeland. The level 9 group had read a story about India and wanted to know whether the facts were accurate. Mrs. Reddy wore one of her saris and brought two more for the girls to model. Each sari measured six yards by 60 inches and was made of pure silk and beautifully decorated with stitching. The children enjoyed the program and wish to thank Mrs. Reddy for her time and patience in talking to them.

Chamber Action...

Grayling Regional
Chamber of Commerce
Serving ALL of
Crawford County!

BY WALT NOWAK
EXECUTIVE DIRECTOR

The Small Businessman will have an opportunity to have a voice in the selection of their Legislators if some plans formulated by the Michigan State Chamber of Commerce come to fruition. The State Chamber states that the Businessman has not had an opportunity to be very effective in voicing opposition to laws and regulations concerning his business. It is this effort that prompts the creation of a Local Chamber Political Action Committee... a new, legal, non-partisan political action program to raise funds... with the funds going to help elect selected candidates for the Michigan Legislature in November, 1978.

Mr. Bob LaBrant, Manager of the Political Action programs for the State Chamber, stated that the sole purpose of this new organization is to give financial support to legislative candidates locally and in key districts around the state, regardless of political affiliation, who believe in private enterprise and are dedicated to the promotion and preservation of a healthy, growth-oriented business climate in Michigan.

Up to the present time there has not been a political action committee for the Chamber of Commerce. However, locally you'll find the teachers, public employees and local unions all organized for political action. The Chamber's PAC will provide a way to give financial help to candidates who are sympathetic to and will support the views of business.

Business must learn the lesson, long ago learned by labor and other self-interest groups. This is the lesson that political power is necessary; that such power must be assiduously cultivated; and that when necessary, it must be used aggressively and with determination — without embarrassment and without the reluctance which has been so characteristic of American Business.

It is time for business to speak up and this time be heard.

Football

(Continued from page 1)

defensive back Skip Olsen picked up a Rambler fumble and carried it to the Boyne City 35. QB Tobin took over from there, hitting Mark Golnick on the 20 for a 1st down, then tossed a scoring strike on the next play to Cliff Wheeler to narrow the score to 20-6. Boyne City retaliated with a 4th quarter TD after recovering still another Vike fumble on Grayling's 28-yd. line. Ray Greene rambled 26 yards for the score, the point after was good and it was 27-6.

The Vikes concluded the scoring late in the game when Tobin faded back and threw a 57-yard "bomb" to Cliff Wheeler who made a sensational catch, shook off a tackle and raced to paydirt. Boyne simply ran out the clock after that and came out victorious, 27-13.

Defensively, Rocky Tobin led the team with 12 tackles while co-captains Mark Golnick and Bill O'Mara added 10 apiece. Juniors Joe St. John, Steve Cudebanca and Joe Weiland all played tough defense for the Vikes. On offense, QB Tobin threw for 111 yards, hitting Cliff Wheeler twice for 80 yards and two TD's while Bill O'Mara, Chip Nicholas and Mark Golnick hauled in one apiece.

In the JV encounter, Grayling posted its second season victory by scoring twice in the first half, both TD's by Trent Bigler on runs of 8 and 12 yards. John Juntilla added the extra point after the second TD and Grayling led 13-0 at the half. The Ramblers struck early in the 3rd quarter on a long pass play that netted a TD to narrow the margin to 13-6. The Vikes concluded the scoring when Bigler made a diving catch of a Juntilla pass and the score ended up 19-6.

Freshman QB Juntilla hit on 10 of 17 pass attempts for 92 yards. Bigler, John Peterson and Rusty Shepherd led the Vike ground attack with 69, 51 and 32 yards respectively. The Vikes piled up 289 offensive yards and Coach Mires credited the offensive linemen, Mike Doremire, Russ Clark, Mike Brackenbury, Mike Hway, Matt & Joe Mahoney and Dennis O'Mara for that success. Defensive Coach Spencer singled out Jerry Luckstead for a pass interception. Terry Luckstead for aggressive end play and a fumble recovery and Jack Rabideau, Matt and Joe Mahoney and Frank Blaauw for overall tough defensive play.

Coach Mires added a final comment that "the team displayed a great attitude and showed steady improvement all season long. A fine crop of sophomores will join the Varsity next year and our JV prospects for 1978 look encouraging."

Now it's time for some philosophical (or whatever) reflections about the past season. One could say it was a disappointing season for the Vike football squads. Well, I guess you could say that if you're one of those "computer-type" fans who get hung up on records and statistics alone. But we followed the Vikes all over Northern Michigan and, despite a poor record, we found their play exciting... like that game here at home against #1 ranked Charlevoix (who would have missed that, not to mention that heart-breaking loss at Rogers City — sure we got stomped on a few times, and I even caught a few jabs about certain adjectives used in my articles too, but all in all it was just part of that football "mania" that hypnotizes us every Fall.

Some accolades due here too — thanks to the Vike Coaching Staff for their cooperation in providing comments and stats for us all season long. To the team members who played their hearts out for Grayling and all its fans — thanks. To the cheerleaders, the band, the fans (and even to that stubborn bunch of voters who finally changed from "no" to "yes" in our most recent mileage election) — now we can look ahead to next year's schedule.

A special "hats off" to that select group we saw traipsing into stadiums as far away as Rogers City week after week to cheer on the Vikes when they were on the road. To heck with the refs, seems like they were always on the opposing side.

For you parents that said "thank God it's over" and think you have a breather coming — basketball practice for all local squads started this past Monday.

I'll Show You

A stranger entered the building and asked a boy standing in the lobby "Can you tell me where Mr. Bell lives?" "Sure I'll show you," the young man replied. Eight flights later, the boy pointed out a room and said it was Mr. Bell's. After knocking on the door and receiving no answer, the man commented "I guess he's not here." "That's right," the boy said. "He was downstairs in the lobby when we first met."

Roach Sets GVSC Record

Freshman Will Roach of Grayling led Grand Valley State to a 31-20 victory over Hillsdale in a Great Lakes Conference game last Saturday. Roach rushed for 202 yards in 18 carries and scored three TD's on runs of 7, 50 and 18 yards. Roach now has 653 total yards in 105 attempts this year — the most yardage ever accumulated by a freshman in a single season in the school's history. He also hauled in one pass for 18 yards and is used on the team's kickoff and punt return teams.

Grand Valley is now 3-1 in the conference and faces Wayne State University (also 3-1) this Saturday for the conference title. According to a college spokesman, "Roach will be counted on heavily in our game this week. He has really come on strong in the last 3 or 4 weeks and has led us to 4 wins in a row and an overall 6-3 season record."

REWARD yourself — attend Sweet Adeline's annual show, November 11, Friday, 8:30 p.m. at the Houghton Lake Playhouse and November 12, Saturday, 8:30 p.m. at Roscommon High School Auditorium.

Sweet Adelines Activities

This is the week of our second annual show... what we have worked so hard and so long for. Don't get us wrong, we have enjoyed it too or we wouldn't have worked so hard. You see, we do take pleasure in seeing an idea erupt into an actual script... acts develop around songs... music finally smooth out, blending into really good chords. I guess this is why we became Sweet Adelines and put so much time and energy into presenting as good a performance as we can.

No performance can be presented without backers... and you the public are our backers. You purchase ads in our program which helps finance our show, and then you buy the tickets to attend the performance. This is the most important part today, as we draw closer to curtain time. We love to sing and perform for you, we believe we have put together a good show and we would like a chance to show you. What I am saying is... "It's so nice to perform to a packed house!"

We hope you will make one of our performances this week... Friday, November 11th at the Houghton Lake Playhouse, and Saturday, November 12th at the Roscommon High School Auditorium. Curtain time is 8:30 p.m. both nights. Tickets are \$3.00 for adults, \$1.50 for students, and pre-school free.

Those of you who really dig Barbershop can follow the crowd to an Afterglow, following the Saturday performance, being held at the Burning Oaks Country Club.

Come and join us... and "Welcome to Our World!"

CRIME IN CRAWFORD COUNTY by Kent & Davis

National statistics seem to indicate that crime is on the increase. Although the rate of increase seems to have diminished somewhat in the past year or so, the rising crime problem is one which has effected almost every community, including our own.

The statistics for Crawford County, based upon the records of Circuit Court, District Court and the Prosecutor's Office, seem to indicate that there has been a steady increase in the amount of crime in our community during the last decade. Moreover, there seems to be a significant increase in the amount of serious crimes, i.e., felonies, committed within the County. This rate of increase may seem alarming at first glance, however, it is extremely encouraging to review the statistics which reflect the excellent job that local law enforcement agencies have done in fighting crime within our County.

It is often said that the mainstay of any law enforcement effort is the number of suspects caught and convicted. During the period from January 1, 1977, through October 31, 1977, we have effectuated 49 felony convictions (a felony is generally defined as a serious crime that is punishable by more than one year of incarceration). At the present rate of conviction, we should realize approximately 60 felony convictions for the calendar year 1977. During 1976 there were a total of 24 felony convictions achieved. This drastic increase in the number of convictions is a direct measure of the quality of our law enforcement personnel. It appears obvious to our office that Sheriff Curt Haas, Police Chief Pete Stephan and their men are doing a tremendous job of identifying and solving crimes. Coupled with the Michigan State Police, this team of law enforcement personnel represents some of the finest officers in the State.

During the nine year period from 1967 through 1976 there were 108 felony convictions in Crawford County. Assuming 60 felony convictions for 1977, it is obvious that in one year our law enforcement personnel, in cooperation with the Prosecutor's Office, have obtained more than one-half the number of total felony convictions gained in nearly the past decade.

We feel that this outstanding record is due to aggressive law enforcement and effective prosecution, but it should be clearly noted that any law enforcement organization is only as good as the local community in which it functions. Without the cooperation and participation of local members of our community, these impressive statistics would not have been possible. Accordingly, we can all be proud of our united effort against the criminal problem. In fact, if other communities followed our examples of cooperation and unity, perhaps the national crime statistics could be turned around.

It consisted of the three words "All For Mother."

Christmas Seal Campaign In Progress

The 1977 Christmas Seal campaign officially opened this week in Crawford County. About 413,000 letters, decorated with the colorful child-designed Christmas Seals, are on the way to Michigan residents.

"Contributions to the Christmas Seals are the primary source of funds for the Michigan Lung Association, an organization dedicated to the fight against tuberculosis in Michigan," said a spokesman for the Michigan Lung Association.

This year the campaign for 1977 County Seal sales will include a major drive to raise funds for the fight against tuberculosis. The campaign will include a major drive to raise funds for the fight against tuberculosis. The campaign will include a major drive to raise funds for the fight against tuberculosis.

The Michigan Lung Association is a non-profit organization dedicated to the fight against tuberculosis. The association is a non-profit organization dedicated to the fight against tuberculosis. The association is a non-profit organization dedicated to the fight against tuberculosis.

While the cost of lung diseases are staggering, \$1.5 billion spent on emphysema alone in one year, the means for reaching protected goals is simple — a small contribution as little as \$1.00 from everyone is all that is asked," Lancaster said. "We hope that everyone who received Christmas Seals uses them on their holiday mail."

Once again this year the Christmas Seals were designed by kindergarten through third graders, one from each state and territory of the United States. Michigan's Seal is the work of Cindy Goudon of Benton Harbor, who drew her Santa with bright blue eyes when she was a second grader.

Anyone who wants Christmas Seals can get some by writing to the Michigan Lung Association, 403 Seymour Avenue, Lansing, Michigan 48914.

The results of Christmas Seal donations over the years have been so successful in combating the disease that the massive tuberculosis screening that people once identified with the Lung Association is no longer necessary.

An estimated 15 million Americans have live TB germs in their bodies, and they are the prime candidates for what is called a "breakdown with TB." Most people who have active tuberculosis carried the germs in their bodies for a long time. Treatment to prevent anyone carrying TB germs from breaking down is safe and inexpensive.

Dear Whitey:

During my ten months in office I have received many letters thanking me for the ambulance service that originates from the Crawford County Sheriff Department and on occasion, I have read letters in your paper voicing the appreciation of the county residents.

I would like to take this means to inform the residents of Crawford County where the bulk of their "thank you's" should be directed, and that is to the Crawford County Sheriff Department Ambulance Company, a company of excellent personnel.

At the present time there are six members. Their names are: Tom, Doreen, Dean, Gary, Linda, and John. They are all very good people and they are all very good people and they are all very good people.

So, what is the Bible? It lives. It has endured through the centuries. It is the greatest source of wisdom and truth in a vast variety of languages.

Maybe you are new to the Bible. It isn't easy reading. But because it really is the greatest source of wisdom and truth in a vast variety of languages, it is worth all the study you can give it.

There are many ways to study the Bible. Some people read it through word, floods, and drought. Some people read it through depression and prosperity, this world and the next. Both on your own, and through the help of others.

Veteran's Day Party Nov. 12th

A good time was had by all 28 members and non-members that attended the Legion's Halloween Party. A real good time as was noted by the conditions the clean-up crew found Sunday morning.

The Auxiliary women did an outstanding job of decorating. Everyone enjoyed dancing to the music of Tina Kennedy and her son.

We, of the Legion, can and do put on good parties, but without the membership support, they cannot be a success.

The Veteran's Day Party is Nov. 12th. We will be dancing to the music of Mike Pittman and his wife. This party is open to all Veterans. Let's have a good turn out! Members and wife, \$3.00 each - Non-members, \$5.00 each.

Also, do not forget we are putting on a brunch November 19. See you soon at the Legion.

October 31, 1977

The 1978 Budget Hearing was held Friday, October 28, 1977. As far as I am concerned, the whole thing was a combination "Three Ring Circus" political game. The budget itself was the best laid out budget yet presented to the Public by any Board of Commissioners.

Although there were the following departmental heads present: Leo E. Lovely - Clerk, Lawrence "Bud" Hunter - Register of Deeds, Judge Francis L. Walsh - District Court Judge, Judge William A. Porter - Circuit Court Judge, Judge Emil L. Kraus - Judge of Probate, Alton T. Davis - Assistant Prosecutor, Larry D. Hunter - Equalization Director, and L. Curtis Haas, Sheriff, all of whose budgets were cut and some of whose line items were eliminated altogether, no one item caused as much furor as the 30% cut in the Sheriff's Department line item of gas & oil.

The Sheriff was the only department head who was asked a direct question regarding his budget; because, the budget was approved as it was written at the end of the meeting. The individual departmental budgets were not covered separately.

Mr. Edward Lowrie and other Board members attempted to explain, to an irate public, how when necessary, monies can be transferred from one line item to another within a department or between departments, to no avail. The Public was upset with them, if not downright antagonistic.

If the Public is not satisfied with what or how the present Board of Commissioners is getting things done, I suggest that some of the Public present at this hearing run for Commissioners office at the next election. Being a Commissioner is not as easy as it looks.

New Name For Glacier Dome

The Glacier Dome of Traverse City has a new name and a new manager. The name change, to Glacier Arena, was the idea of Ron Lundmark, new general manager of the Arena.

Lundmark's creative new ideas are the result of many years spent in all facets of the entertainment field. A native of Royal Oak, Michigan, Ron has spent the past seven years in Florida, where he managed Sea Ranch Dinner Theater of Ft. Lauderdale, operated his own film company, and worked as an account executive for an area ABC affiliated television station.

Along with the name change comes a change in function and image. According to Mr. Lundmark, "the name-change to 'Arena' denotes a facility hosting a wide spectrum of events. The dropping of the 'Dome' was very logical — we never had a dome." The new direction of the arena is being geared toward "total" use of the facility. In addition to the new open public skating and hockey programs, Mr. Lundmark is currently booking concerts, circus, ice shows as well as conventions and banquets.

Working under the watchful eye of the community, Ron feels positively about the future of the facility. "After all, Glacier Arena is the largest arena facility in Northern Michigan."

area agencies involved in providing this general type of service," she added. "There is no substitute for close, honest communication between parents and children," she said. "We can head off a lot of runaway cases if problems are detected well enough in advance."

Mrs. Shively reiterated the urgent need for shelter care homes in the Crawford area. "Statistics show that the incidence of runawayism increases during the period October to March, so we are now in our peak problem period," she concluded. Owners of homes licensed for shelter care are paid on a per diem basis for services provided and the maximum stay is 21 days. Normally, though, it involves much shorter periods, like overnight, for example.

TICKETS STILL AVAILABLE

Broadway Comes to Grayling

On Friday and Saturday evening of this week, Grayling's Joseph Stripe Auditorium will become a Broadway Theater as students of Grayling High School present the Neil Simon Broadway hit, "God's Favorite". Curtain time is 8:15 and as of press time, tickets for the two performances were still available. Doors will open at 7:30 and any remaining tickets will be sold at that time.

"God's Favorite" was first presented on December 11, 1974 at the Eugene O'Neill Theatre in New York where the lead roles were performed by Vincent Gardenia and Charles Nelson Reilly. This past summer this play was presented at Traverse City's Cherry County Playhouse where those same roles were portrayed by Pat Paulson and Professor Irwin Cory. On the Grayling stage, these same characters will be portrayed by Bill Bunkowski and Greg Stancil, appearing as Joe Benjamin, a wealthy Long Island businessman, and Sidney Lipton, a messenger from God. The play is based upon the Book of Job, and in the beginning, everyone said it couldn't be done, but this very funny play proved that it could.

Other students appearing in the Grayling cast are Terry Burns who plays the son David, Maureen Hoffman who portrays the dingbat wife Rose and two "not-too-smart" twins are created by Toni Trudgen and Tony Thompson. Two domestic employs are played by Margie Olson and Jerry Stevens. "God's Favorite" is under the direction of Mr. Howard Taylor, Grayling Community School Director.

ACCLAIMED COAST TO COAST

Famed Midgley "Chucklelogue" To Be Shown in Grayling

The next exciting full-color, true-life adventure to be shown in Grayling's 5th Annual Travel and Adventure Series will be a "Chucklelogue" featuring famed creator of the art, Stan Midgley. "Colorado Chucklelogue" will be shown Thursday evening, November 17 at Grayling's Joseph Stripe Auditorium with Mr. Midgley appearing in person. Doors will open at 7:15 and the side-splitting performance will begin at 8:00. Single admission tickets will be available at the door as will be the money saving Passports to Adventure.

Stan Midgley started out as a chemist, and soon became famous, but not as a chemist. He became famous because he rode a bicycle to work, 48 miles every day. Even more famous became his vacation movies which he brought back from his bicycle trips to Colorado and other Rocky Mountain States. Even in those days of amateur photography he added a delightful sauce of humor that left his audiences doubled-up with laughter.

In 1946, he entered a movie of a bicycle trip through the Bryce-Zion-Grand Canyon region in a nationwide contest. It won first prize of \$1000 and that did it. His hobby became his vocation, and chemistry has had to struggle along without Midgley ever since. Today, after 2000 professional platform appearances and 200 appearances with film on television, the Midgley "Chucklelogues" are known from Coast to Coast.

Here in Grayling, Stan Midgley has appeared at the Detroit Institute of Arts for five consecutive Sundays for ten consecutive years. March is now known as "Midgley Month in the Motor City" with every show a sellout. In addition to his beautiful photography, Midgley loads his films with truck photography, and, of course, few pictures give as humorous a narration as the man with the self-deserved reputation as "The Mark Twain of the Camera" — Stan Midgley.

State Highway Users Taxes For County

Crawford County benefited from a total of \$469,369 paid in truck taxes during the fiscal year ending Sept. 30, 1976; according to the Michigan Trucking Association.

The monies included \$296,903 in truck taxes distributed to local governments and \$172,466 in the truck portion of state and federal expenditures in Crawford County.

The truck portion of the money state-wide represents 34.1 percent of the total amount of special state highway users taxes. While trucks pay 34.1 percent of the taxes, they represent just 14.9 percent of all motor vehicles registered.

In Michigan, all communities are served by truck and 1,001 of Michigan's 1,659 populated communities are served by truck only. Included are eight counties having no other method of transporting property.

Those four counties are Gladwin, Keweenaw, Montmorency and Oscoda. The eight county seats served solely by trucks are Atlanta, Crystal Falls, Eagle River, Gladwin, Harrison, Leelanau, Mio and Lake City.

Emergency Squad Rescues Swamp Victim

I want to express my deepest thanks and offer my greatest appreciation to the Sheriff's Dept. Volunteer Rescue Service. I exclaimed an injured local resident, Gordon Amiotte, after being rescued last Friday night by a Sheriff's Dept. Emergency Squad consisting of John Wilcox, Dean Goss and Jim Gray.

The victim was out in the Connor swamp area with his son and another companion, Dale Nielson who left to summon the Sheriff's Dept. after an injury rendered the victim unable to walk. "I think the Rescue Squad deserves much more recognition for their professionalism," he added after being treated and released from Mercy Hospital.

He was also grateful to his son who remained with him throughout the ordeal and Dale Nielson who aided in the rescue and comforted his family until medical attention was obtained.
